Preparation for Re-Opening of the Church relies on having an approved COVIDSafe Plan. Our plan is being developed in accordance with the Government requirements and has now been sent to Presbytery, it will then go to Synod and then be registered with the NSW Govt.

Anyone attending the church building will need to be familiar with the plan and the associated requirements. Training to commence in August via ZOOM

For those not aware there is a lot of useful information about COVID-19 and how to stay safe on the Govt website. <https://www.nsw.gov.au/covid-19>
